Greetings.

This is to urge you to take an immediate and strong stance against the Atlantic Coast Pipeline, a boondoggle to benefit a few at the cost of all life along it.

Since the close of the original comment phase, new claims have been submitted which have not been examined or addressed by the public. Therefore, it would be in order to plan at least 3 more public hearings along the ACP corridor.

Please acknowledge you have received my opposition to the ACP and request for a public voice on what would be a massive disaster. Thank you.

Sincerely,
The Reverend Ann Giles Benson
